

Computer Programming

John Naegle

What do programmers do?

- Solve puzzles

What do programmers do?

- Solve puzzles
- Build things

What do programmers do?

- Solve puzzles
- Build things
- Learn and discover

What do programmers do?

- Solve puzzles
- Build things
- Learn and discover
- Make the world better

What do programmers do?

- Solve puzzles
- Build things
- Learn and discover
- Make the world better
- Have fun

How do we do it?

- Curiosity - Ask lots of questions.

How do we do it?

- Curiosity - Ask lots of questions.
- Experimentation - Try lots of different things.

How do we do it?

- Curiosity - Ask lots of questions.
- Experimentation - Try lots of different things.
- Failure - Fail more than we succeed.

How do we do it?

- Curiosity - Ask lots of questions.
- Experimentation - Try lots of different things.
- Failure - Fail more than we succeed.
- Persistence - Keep trying!

How do we do it?

- Curiosity - Ask lots of questions.
- Experimentation - Try lots of different things.
- Failure - Fail more than we succeed.
- Persistence - Keep trying!
- Collaboration - Work with friends.

Getting Started

- Code.org (<http://code.org>)
- Scratch (<https://scratch.mit.edu/>)
- ScratchJR (<http://www.scratchjr.org/>)
- Sonic PI (<http://sonic-pi.net/>)
